Important Information:

- Medicaid (MCNA/Delta Dental) will pay for dental check-ups every 6 months. Your child should begin seeing a dentist within 6 months of getting their first tooth or by their first birthday. Child should be seen earlier if parent/guardian has concerns.
- **Schedule an appointment for a day and time that you are sure you can keep. If you must cancel or reschedule, call the dental office at least 72 hours in advance. If you fail to do so, the office may not schedule you again.**
- Reminder: Iowa law requires a dental screening for children entering **kindergarten and 9th grade**. Ask the dentist to fill out the **School Screening Certificate** and take it to your school's nurse.
- For additional assistance, please contact the **I-Smile Coordinator at 712-828-4109**.

Contact information for Iowa Medicaid dental insurance companies:

Delta Dental of Iowa: 888-472-2793
 Managed Care of North America: 855-247-6262

Información importante:

- Medicaid (MCNA/Delta Dental) pagará los cheques dentales cada 6 meses. Su hijo debe comenzar a ver a un dentista dentro de los 6 meses después de su primer diente o antes de su primer cumpleaños. El niño debe ser visto antes si el padre / tutor tiene preocupaciones.
- Programe una cita para un día y una hora que esté seguro de que puede cumplir. Si debe cancelar o reprogramar, llame a la oficina dental con al menos 72 horas de anticipación. **Si no lo hace, es posible que la oficina no lo programe nuevamente.**
- Recordatorio: la ley de Iowa requiere una evaluación dental para los niños que ingresan al kínder y al noveno grado. Pídale al dentista que complete el **Certificado de Evaluación Escolar** y llévelo a la enfermera de su escuela.
- Para asistencia adicional, comuníquese con el **coordinador de I-Smile al at 712-828-4109**.
